## **Bae Blade** | Biography

Bae Blade is a DJ and producer from Germany. Her unique blend of uplifting tracks across various genres like Electro, Breaks, Techno, Club, and House with a modern, edgy twist that incorporates rap influences has earned her a dedicated following in the underground music scene.

She has been performing under her moniker since 2020, challenging stereotypes in modern electronic music. Bae Blade's hard, yet kitschy sound has earned her multiple invitations to perform already internationally and release her dynamic tracks on various labels.

She secured a residency on Rinse.fm radio in London, starting in spring 2023, solidifying her position as a rising musician in the world of electronic music, and has just released her debut EP 'Mixed Feelings', on Mutual Pleasure Records.
